SUMMARY

As a Senior at Evansville Christian High School, I am driven by my passion for film and video. With extensive experience in editing, filming, drone videography, lighting, and sound design. I am dedicated to learning and growing in all aspects of filmmaking. I am organized, excel in time management, and thrive under tight deadlines. I am committed to pursuing a future in the film industry and creating films.

WORK EXPERIENCE

Captivated Content

Media Production Intern | June 2025 - Present

- Contributed billable editing and production work on client projects as a part of a professional media team.
- Collaborated on commercial video productions with companies including **Brown Equipment Company, Goebel Realty, Young Life, ACE & Sons Fence Company, Parcel Safety, Ascension St. Vincent, and Ferhenbacher Cabinets.**
- Gained professional-level experience in a fast-paced production environment, demonstrating both technical skills and client collaboration.

Shoener Productions

Founder & Freelance Media Producer | November 2024 - Present

- Providing professional video production, photography, and drone services for businesses and organizations.
 - Produced content for clients including **Empire Contractors, Bootz Industries, L&I Insurance Solutions, Christian Fellowship Church, Big Top Drive-In, JBryant Salon & Suites, etc.**
 - Example: Delivered drone coverage across 4+ locations for Bootz Industries' completing a full edit with 24-hour turnaround.
 - Example: Shot promotional photography and employee headshots for Empire Contractors' new Donut Bank project.
- Known for delivering fast, high-quality media tailored to client needs, that is affordable, and focusses on creativity, professionalism, and storytelling.

NHS Service Project

HIGHLIGHTED MEDIA PROJECT

Beyond the Game: An ECHS Baseball Documentary

On November 14th, 2025, I released a project that I had spent the last 8 months working on: my feature-length documentary *Beyond the Game*. The project began in February 2025 with pre-production planning and approvals, and from there I worked throughout the entire 2025 Evansville Christian School Baseball season, filming every game and occasional practices. During the postseason, I conducted over 20 interviews with players, coaches, school administrators, and family members to capture the full story of the team. From July until early November, I was in the editing process, piecing together every shot I had filmed and crafting a complete story from start to finish.

This 90-minute feature film documentary takes viewers inside the dugout and gives a first-person view of the 2025 Evansville Christian School Baseball Team. It's not just a story about wins and losses; it's about the team, family, brotherhood, and faith that go beyond the game. On November 14th, I hosted an in-person premiere for the full documentary at Crossroads Christian Church, with over 100 people in attendance. Since then, the documentary has been made available on YouTube for all to watch and is planned to enter into competition later this year.

This is by far the biggest project I have ever created, and it was done entirely solo. What is typically a production handled by a full team was completed completely by myself.
